FILE HEADING.

Sanctional grant for medals, prizes & abs lighting charges in connection with the Deccan I & A Exhibition of 1910.

From The President, Deccan I & A Exhibition

No. 298 Dated [illegible] Received [illegible]

Diary No.	Enclos.	Spare Copies	Serial No.

BRIEF ABSTRACT OF LETTER.

Requests a grant of Rs 1000 in addition to the budget provision of Rs 2500 to enable him to provide prizes for groups newly opened or permanent exhibitions to that authorised out of the receipts & also [illegible] lighting charges [illegible]

NOTES AND ORDERS.

669-70-Agri-08-12 d/20.7.09

When the Govt sanctioned Rs 4000 last year as a Special Case they observed that the grant in future years might proportionately be reduced without

Serial No.

diminishing ~~decreasing~~ the number of medals & prizes. It was then considered that all the medals would not be awarded but some would be available for this year. The President stated in his Do No 37 dt 18. 6. 09 (on which the above order was passed) that if Govt ~~Sanctioned~~ sanctioned Rs 6000 in all, there would be savings in medals to the extent of Rs 500 which could always be carried over to the following years. In fact the large provision was made to ~~made~~ make the Exhibition sufficiently attractive. As the savings in each year might vary, it was not stated in the order referred to above that the budget provision should normally be fixed at Rs 3500 as asked for. When the budget was being sanctioned for the current year, the President did not give the actual expenditure incurred for medals & prizes out of the last years' grant but simply proposed an estimate of Rs 3500

NOTE—Contn. sheet.

GPB—55,000—27.4.09

Serial No.

but it was however considered that Rs 2500 would suffice with the probable Savings for the year.

As expected, Mr Krumbiegel has effected a Savings of Rs 700 out of the last year's grant. Together with the budget provision & the donations, the amount available for medals & prizes for this year will be Rs 2500 + 1100 or Rs Rs 3600. Mr Krumbiegel now asks for an additional grant of Rs 1000 so that he may have Rs 4600 available for medals and prizes. It is a question whether under the circumstances, the additional grant asked for has to be made or only such a sum as might with the budget grant & Savings & the donations make up Rs 4000 which is the limit fixed in the order of 20. 7. '09.

Lighting charges.

When the installation of Electric lights for the Exhibition buildings was sanctioned, it was ascertained that the Amount

GPB—55,000—27-4-09

Serial No.

cost of lighting would not exceed Rs 250 & a provision to this extent was made in the budget. It is a question whether any additional expenditure should also be allowed under this head.

Submitted for orders.

5.

11/10/10 1. As far as the cost of lighting is concerned such additional amount as is required to meet the entire cost may be spent this being small should be available by reappropriation

6. 2. It is inconvenient to apply for additional funds at this late stage, it seems to be desirable to confine the award to the amounts actually available. The exhibition being held every year the prizes, if they are not to lose their value altogether ought not to be made very cheap and there should therefore be no difficulty by restricting the number to some extent to

Serial No.

avoid unnecessary expenditure in this account & to increase the merit those who obtain the prizes.

It seems to be undesirable to allow the merits to be applied for payment of prizes.

Secy. 12.1.11.

7. I fear the reduction of the budget provision from 3500 to 2500 Rs was somewhat too much. As stated in the G.O. of 20 July 1909 the limit of the value of prizes may be fixed at 4000 Rs, it being understood that savings to the extent of 500 Rs will be generally effected - Private contributions towards prizes - to far as they are for the classes of exhibits contemplated in the G.O. of 20-7-09 - should be taken into account in making up the sum, and if private persons offer prizes for exhibits other than those provided in the prospectus they may maybe kept out of account. Taking this view & presuming that the private

Donations of Rs 340 this year are for prizes for exhibits of the groups included in the prospectus, we ~~may~~ have a total grant of 3600 Rs available for prizes, & an additional grant of 400 Rs may be made to bring this up to 4000 Rs.

~~The increased expenditure~~

8. It is necessary to confine the scope of the exhibition to certain defined classes & groups of exhibits & not to give prizes & medals for all kinds of things ~~in~~ which, though they may be good in themselves, do not attract much competition & are not of much educational or industrial value in the present state of the country.

9. The increased expenditure on electric lighting may be sanctioned as not ~~be~~ extravagant, & possible, by readjustment.

Dewan

The objection to more than one exhibition has been met by the proposal to hold the exhibition every alternate year. I have had letters from the Superintendent of Census Operations & the Director of Industries & Commerce supporting the proposal. I do not think that the objection to the proposal is sufficient to justify the rejection of the proposal. I therefore recommend that the proposal be sanctioned.

Routine Notes.

[To be used only for notes, requisitions, etc., not intended for permanent record.]

D. O. No. 78/1556

The Mysore Dasara Industrial and Agricultural Exhibition.

Mysore 6th October, 191 0.

Dear Mr. Srinivasa Rao

I beg to state that when the Government sanctioned Rs.4000 in 1908 it was agreed that a balance of Rs. 500 was always to be kept on hand, so that in future years Rs. 3500 need only be sanctioned in order to make adequate provision of prizes in the prospectus.

2 In accordance with this the Judges were earnestly requested not to utilize prizes that might become available in Groups unrepresent -ed or where there was no proper competition.

3 This has resulted in a balance of Rs. 770 as shown in the margin instead of only Rs. 500 as was conterplated, but a very large number of Exhibits that had no competition and others that did not - strictly fall within the Groups provided in the Prospectus remained in consequence unawarded or only were given a certificate.

4 Had we awarded all these exhibits as their merit deserved all the Rs. 4000 would have been utilized.

5 I hoped therefore to be in a better position this year as the balance available in medals plus the private donation now collected amounts

GPB—45,000—19-5-08

amounts to Rs. about 1,100 and with the expected sanction of Rs. 3,500 we should have had Rs. 4,600.

6. I therefore provided for some of the Groups hitherto not shown Viz., "Prepared Food Stuffs and Dairy Products", competition in Home Industries, Chemical Industries, Art Industries, Poultry Show, etc., and thus the whole of the 4,000 would be required if we do not write to make the restriction for saving a balance too severe.

7. Now,however, that Government has only sanctioned Rs.3,500, I shall be actually short of Rs. 1,000 and I beg that you will kindly obtain the orders of the Dewan for according sanction to an additional grant of Rs. 1,000 or if this be not possible, to permit me to make use from this year's receipts of the sum mentioned above, if actually required.

8. The actual power consumption of the Electric light last year was Rs. 350. Rs.400/- was provided in the Budget of this year towards the consumption charges of Electric power plus some necessary renewals. But the Government have sanctioned Rs.250/- so that this item small excess will be unavoidable in ordinary times.

To

T.Govinda Rao,Esq.,

Private Secretary to the

Dewan of Mysore.

Yours sincerely

T. Venkatesa
